

<indent> Tag Demo

This tag allows you to indent a text as much as you like. This is particularly interesting for block quotes and tree-like layouts.

This is indented text. However, you can have other flowables as well.

This is

a table

Back from the indentation, everything is normal. You can also nest indents of course:

Item 1-1

Item 2-1

Item 3-1

Item 3-2

Item 2-2

Item 2-3

Item 1-2
